

Executive for Personnel & Administration

8 October 1946

Chief, Legislative Liaison Branch

Projects of Legislative Liaison Branch

1. The following projects are currently being developed by the Legislative Liaison Branch:

- a. A preliminary draft of legislation creating a National Intelligence Authority and Central Intelligence agency.
- b. Preparing a study of any suggestions by the Military Affairs Committee of the House of Representatives for intelligence legislation along the lines indicated in press releases by the General Counsel of the Committee.
- c. A study of the espionage laws of the United States with a view to the revision of certain sections thereof in accordance with the necessities of Central Intelligence Group. In this connection, the possibility is being considered of suggesting revisions to the prohibition against wire tapping contained in the Federal Communications Act.

25X1

d.

- e. An attempt to secure current intelligence material for background purposes in the Legislative Liaison Branch.

WALTER L. PFORZHEIMER
